## EXPERIENCE

**Cyber Labs,** IIT(ISM) Dhanbad — *Graphic Designer*
January 2020 - Present

- Designed wireframes, user Interfaces for apps and websites
- Created playable Prototypes
- Made visual graphics, flyers, posters
- Organised designing workshop for juniors

## PROJECTS

### Match the Tiles

Created  a responsive browser game using front-end technologies like CSS and Javascript.

The player is presented with a grid of images which can be revealed by clicking on it. The goal is to match similar images.

Github  /  Preview

### Notes Plus

Created a fully responsive web app capable of storing text notes in local storage in which data is retained after browser reloads.

Used front end technologies like bootstrap and logic building by javascript. Used browser local storage for storing data.

Github / Preview

### Flappy Bird

Created a mini browser game Flappy Bird using Javascript, HTML and CSS. Which is a recreation of retro classic Flappy-Bird.
Added sound effects to make the game more interesting.

Github / Preview
